★★★★★ **Suprised...**

Was skeptical about this book regarding its price. After thumbing through the pages I was pleasantly surprised of the entertainment value in its pages. Price., there is no price on some good memories especially this time of year and the current state of the world. The photos are worth the price alone. Cheers....—Amazon Customer

★★★★★ **Must Read book, not only for train lovers**

I bought this book for my husband as a Christmas gift. Growing up he had a train set and I thought that this would bring back some great nostalgia. He absolutely loved the book. The book has beautiful pictures, and he enjoyed all of the amazing stories that are inside. As someone who doesn't know a lot about trains I really enjoyed looking through the amazing photos and reading several of the essays as well. I would recommend this book for anyone not just for train lovers!—Jackie Wilke
